ACTION CARD

Three Phases of Living in Abandonment

SEE

Recognize God's
action everywhere

Reframe duties as divine appointments

Every task is chosen
by God for your growth

Practice present-moment awareness

Ask: what is God doing
right now?

Stop comparing your path

Every soul's journey
is unique

Read events like Scripture

Daily circumstances
are God's words to you

Accept active and passive duties

Do your work; accept
what you can't change

RELEASE

Let go of control
and let God lead

Sacrifice your need to understand

Obedience doesn't
require understanding

Detach from outcomes

God's ending beats
your plan

Stop monitoring your spiritual progress

Leave yourself alone;
trust God with results

Embrace holy indifference

Care about God's will
more than any outcome

Let go of outgrown methods

The road that brought
you here has served

Surrender in small things first

Traffic jams and cold
coffee build the muscle

TRUST

Endure darkness
with naked faith

Expect misunderstanding and don't fight it

Let God vindicate you
through fruit

Treat dryness as a promotion

God removes gifts so
you'll love him alone

Name the lie when darkness speaks

Answer: 'All is well.
It is the will of God.'

Remember the tapestry

You stitch from behind;
God sees the front

Let God use your enemies

They row your boat
without knowing it

Rest in your good will

God asks only
for your heart
