Surrender • Align • Embody

The whole path, distilled into a practice you can work.

SURRENDER

Make the Divine your source

- ◆ **Name your true Source**
Hand the day to the Divine, not the market.
- ◆ **Invoke Divine Order**
"The perfect solution is already selected."
- ◆ **Build a God Box**
Drop each worry in; leave it twenty-one days.
- ◆ **Open your hand**
Let what comes come, what goes go.
- ◆ **Go straight to the top**
Address the Divine directly – then make the call.
- ◆ **Create space before you ask**
Unplanned hours, phone off, intuition leading.

ALIGN

Keep your vibration high; clear the channel

- ◆ **Follow the inner tug**
The felt pull toward the next right step.
- ◆ **Trade every worry for a blessing**
Hold loved ones in light, day after day.
- ◆ **Practice metta**
Pour loving-kindness to all, even the difficult.
- ◆ **Clean the karma**
Letter, burn, salt bath, sage, release, bless.
- ◆ **Create an intentional vacuum**
Clear clutter so new good can land.
- ◆ **Guard the seedling**
Don't drink other people's poison.
- ◆ **Refuse forced manifestation**
"Bring the one that's right for me."

EMBODY

Become who you are; serve; trust

- ◆ **Find door number three**
Meet attack with compassion, not collapse.
- ◆ **Free the inner hostage**
Take back the power you gave away.
- ◆ **Drop the victim story**
Speak your worth until it's true.
- ◆ **Say what you mean**
Make your word match your actions.
- ◆ **Be your whole, contradictory self**
Fly your highest octave – eagle, phoenix.
- ◆ **Make your work an act of love**
Serve; the right people will find you.
- ◆ **Rest in the unfolding**
Bless the delays; stay present.
