

THINKING INSIDE THE CREASE

The mental game of the dominant goalie — seventeen chapters, mapped

MOVEMENT I · SQUARING UP

01
The Formula

*Talent minus interference, plus
or minus luck.*

02
Fear

*Fight, don't flee — earn your
bruises.*

03
One Shot at a Time

The next shot is the only shot.

04
Release & Contact

*If you can't see it, you can't stop
it.*

05
“Bring It!”

*Dare them to shoot. That ball is
yours.*

MOVEMENT II · THE DOMINANT MIND

06
Mental Toughness

*A learnable edge under
pressure.*

07
The Hierarchy

*Climb the pyramid to
composure.*

08
Responsibility

*Response ability — own every
goal.*

09
Anxiety

*Recognize it, breathe, embrace
it.*

10
The Spiral

Never bank on momentum.

11
The Warm-Up

Practice makes permanent.

12
Confidence

You generate it — it's not given.

MOVEMENT III · UNDER THE LIGHTS

13
Reaction Time

Fewer stimuli, faster reactions.

14
Rods & Cones

Aim the center six percent.

15
Off the Bench

Control it, or influence it.

16
Tryouts & Showcases

Play to win, not to perform.

17
Putting It Together

The whole game, on a timeline.

“Think like an All-American first, then become one — not the other way around.”

TRAIN · COMPETE · DOMINATE

Pin it to your mirror — the whole game in three phases

TRAIN

Off-season & pre-season

- **Build talent daily**
One weakness, every day, until it's automatic.
- **Keep a stick in hand**
Reaction time fades in three weeks — keep shooting.
- **Generate confidence early**
Small written goals on the mirror. Stack the wins.
- **Warm up with a purpose**
Fifteen focused minutes a day builds your technique.
- **Get in shape**
Fitness lowers reaction time. Don't finish last.
- **Train your eyes**
Put the release in the center six percent.
- **Fight for the spot**
Show up ready to win the job on day one.

COMPETE

Practice & in-game

- **Bring It, every shot**
Loud and aggressive before the ball is in the air.
- **One shot at a time**
Release. Replan. Refocus.
- **Find release & contact**
Chin up, eyes wide, finish moving forward.
- **Take responsibility**
Own every goal — that's how you fix it.
- **Control the controllables**
Thoughts, prep, reactions. Let the rest go.
- **Practice like a game**
Practice makes permanent.
- **Break the glass**
Every drill has a purpose.

DOMINATE

Game day & the big stage

- **Gladiator routine**
Helmet on, mind on — fifteen minutes out.
- **Breathe in dominance**
Shoulders back, chin up, chest out.
- **Embrace the nerves**
The big-stage feeling is a privilege.
- **Play to win**
Eyes on the field, not the sideline.
- **Make an impact**
Loud, precise, helpful. Never wallpaper.
- **Climb out of the spiral**
Flip back to Bring It — head up, hands out.
- **You've earned this**
The cage is yours. This is your time.
